4. Payment of invoices for air cargo services are processed by Commercial Claims Branch/A&CD/OF and forwarded to Monetary Division/OF for disbursement. The requirements for documentation and approvals from the Office of Logistics result in payment of most air cargo invoices being made in three to four weeks. In rare cases discrepancies will delay a final payment beyond thirty days, but all invoices in 1981 have been paid within sixty days.

5. In summary, our payments to airlines for services rendered are being made on a timely basis in all cases, quite in compliance with Treasury regulations relating to prompt payment of contractor invoices.
